LINCOLN

Chief of Station, Guatemala

Operational

Base Militar - Ammunition Depot

1. There is being transmitted herewith to each addressee station one stereoscope photograph (1:20,000) showing the La Aurora Airport and its surrounding territory. The undersigned received these photographs from the local ODIBEX Attache who pin-pointed the ammunition bunker within the Base Militar.

2. Writer has inked in that territory which roughly corresponds to the Base Militar. The small circle within that area is where part of the ammunition recently unloaded from the Swedish freighter "Alfhem" currently is being stored. The arrow at the lower left-hand corner of the Base Militar represents the main entrance to the Base.

3. The photographs were taken in early April, 1954.
